European Waterways: Legends & History from Amsterdam to Vienna

This adventure in European History begins at Amsterdam with a Canal Tour of the city and a visit to a Museum and Diamond Factory. Our river boat “The River Melody” will be your floating hotel and dining room for this 15 day journey. We visit 23 cities and villages along the Rhine, Main and Danube Rivers. The adventure was recorded in the High Definition television format with digital sound which creates the feeling of actually being there.

The Lecture & Visual presentation relate to the History & Legends of many villages and centuries old events that occurred along the waterways. Walking tours and visits to several cathedrals, castles, palaces, wineries in caves, a brewery and prison, plus home visits are only a few events in the adventure. We also visit the Hall of Justice and Room 600 where the Nuremberg Trials were held and the Parade grounds of the 3rd Reich. At historic Heidelberg the Castle Fortress, the University tour, meeting the Student Prince and a Wagon ride up to Old Rothenburg and the Christmas Museum adds to the adventure. River cruising offers a spectacular view of the Danube Valley Grand Gorge. It also makes it possible for convenient stops at the Weltenburg and Melk Abbeys. We will pass through 66 locks on our way to Vienna, Austria.

The world’s largest Pipe Organ is in Passau, with 231 registers and 17,964 pipes .We stay for the Organ Concert. When you hear the organ sounds from St. Stephen’s Cathedral and other Churches you will be amazed at the quality of sound due to the number of pipes and size of the Nave. Our Musical adventure continues at the City of Music, with a Vienna orchestra performance at the Kursalon Concert Hall.

The Lecture and Visual presentation can be tailored for a 1 ½ to 2 hour program with Q & A to follow. Call Al or Dave Eicher at 248-333-2010.
